

SIX STEPS TO A GREAT BUSINESS IN TODAY'S NOW ECONOMY

A workshop presented by Coach David Carter, owner and president of ActionCOACH Business Coaching in Philadelphia.

Wednesday, May 9th, 2007 3:30 - 5:30 PM

The Workshop will be held at the Action Coach Philadelphia office.

As a fellow business owner I understand the day-to-day demands of running a business that can prevent you from moving forward. We are all in business to provide ourselves with the lifestyle we desire, and we all strive to maintain that lifestyle everyday. Ask yourself these questions:

David Carter, MBA
Certified Master Mentor

- If your business closed today, would anyone notice? Would anyone care?
- Has your business adjusted to today's NOW economy (It's all about performance)?
- Is your business the business you want it to be?
- Does it produce the profits you need?
- Can it operate without demanding most of your time?
- Is it moving in the direction you need it to move?
- Will it prevail over your competition?

Most business owners and their families put up with their businesses running them. They work incredibly long hours because they do not leverage their time and build great teams.
