

Real-time training. Competitive advantage. Skilled employees. A city that works. At Community College of Philadelphia, it's possible.

Corporate Solutions—Services to Meet Your Workforce Development Needs

Get on the path to productivity with Corporate Solutions at Community College of Philadelphia. The College has provided customized training programs to Philadelphia employers for more than 30 years. Corporate Solutions offers workforce development classes for the employer and employee, customized training and certification testing for various industry positions.

We also offer instructor-facilitated, interactive online courses. For students who seek a degree that recognizes the value of experience and work as a part of college learning, our Applied Studies curriculum assists individuals in their preparation for career advancement or a new career path.

Corporate College—Create New Possibilities for Your Employees and Your Business

Today's global economy is making it more important for companies to gain a competitive edge in their field. One way to expand and grow is having a workforce with an updated and enhanced skill set—and that is where we can help. Corporate College offers your employees the opportunity to take credit courses and earn a degree or certificate, right at their place of work.

The numerous benefits of Corporate College to your employees and business include:

- Convenience of on-site instruction from College faculty members
- Other College services provided onsite
- Flexible class times
- Low tuition rates
- High employee satisfaction and retention

WEDnetPA—Lead Your Employees on the Path to Higher Performance

The exclusive WEDnetPA institutional partner for Philadelphia County, Community College of Philadelphia's Corporate Solutions has access to thousands of dollars in available funding from the PA Department of Community and Economic Development to provide FREE skills-based training for qualified Pennsylvania businesses like yours.

Guaranteed FREE Training

Guaranteed Free Training (GFT) provides reimbursement to Commonwealth of Pennsylvania manufacturing and technology-based businesses to improve the skill level and productivity of Pennsylvania workers and strengthen the business sector. GFT is a flexible, easy-to-use system. Each business can determine its own training needs and select its own training providers. Training options include on-site at your company, offsite or online.

GFT programs offer your company a wide range of training options. With entry-level computer skills or communication and teamwork classes to e-business commerce, network administration and software engineering classes, you can put your employees on the path to higher performance and your company on the path to productivity and competitiveness.

Contact Community College of Philadelphia Today
