

Eagle Instruments, Inc., a long time supplier of Environmental and Emergency Response Equipment, Services and Supplies, headquartered out of Norcross Georgia with offices in Aston Pennsylvania was nominated for the National Small Business of the Year Award through the U.S. Small Business Administration. The U.S. SBA Administrator's Award for Excellence was awarded to Eagle on April 23rd, 2007 for it's work with the the U.S. EPA Region IX (West Coast) as a prime contractor providing Emergency Response Equipment Maintenance, Supply and Support for the Government's Counter Terrorism and Emergency Resonse Operations. Eagle operates between 4 and 9 locations of emergency response equipment throughout the US including a number of locations in the North East. Eagle serves the Pennsylvania area from it's Aston, PA office by delivering the same high quality environmental rental equipment and supplies to the region's Environmental and Safety Professionals. Eagle welcomes all those in the area who have a need for such services and supplies to contact us and experience the difference that a **Knowledgeable, Dependable & Quality-Driven** company can bring to your next project. Eagle is a proud member of both the Greater Philadelphia Chamber of Commerce and the Women's Business Enterprise National Council.
