**Goldenberg Rosenthal LLP Announces Combination with
Amper, Politziner & Mattia CPAs**

Creates one of the largest regional accounting firms in the Northeast

Jenkintown, PA, [May 5, 2008] — Goldenberg Rosenthal LLP, a well-established local CPA firm located in Jenkintown, Pennsylvania, announces that it is combining with Amper, Politziner & Mattia, CPAs (Amper), a large regional accounting firm with offices throughout New Jersey and New York. The combination — one of the accounting industry's largest in the last four years — creates, nationally, a Top 25 accounting firm with 84 partners, 600 total employees and annual revenues of \$113 million. The name of the combined firm will be Amper, Politziner & Mattia.

By combining with Amper, Goldenberg Rosenthal greatly increases its market area, enhances its client service offerings and further positions itself for even faster growth than it has achieved in recent years, particularly in its real estate, auto dealer, biotechnology, wholesale distribution and nonprofit practice areas. Including the Jenkintown office, the combined firm will now have a total of eight offices in the New York — New Jersey — Philadelphia corridor: Edison, Bridgewater, Hackensack, Princeton, and Wall, New Jersey, as well as New York City and Westchester, New York.

Amper, Politziner & Mattia, founded in 1965 and now one of the largest accounting and consulting firms in the country, is a highly respected firm with a reputation for outstanding client service and a strong entrepreneurial spirit. As recognized industry leaders, Amper, Politziner & Mattia has expertise in numerous specialties that transcend traditional tax, auditing and advisory services. Included among the services Amper provides are financial services, employee benefit plan audits, wealth management, estate planning, litigation support, accounting services, bankruptcy and insolvency, brokerage, business and risk advisory services, investment banking and international audit and tax. Clients served are in a wide range of industries in both the public and private sectors and include banking and insurance, private equity, technology, healthcare and non-profit organizations, just to name a few.

-more-

“We are delighted to be combining with a firm as compatible as Amper,” said Jay L. Weinstein, Managing Partner at Goldenberg Rosenthal who will serve as the combined firm’s Officer-in-Charge of the Jenkintown office and member of Amper’s Executive Committee. “Like us, they have great people, a dedication to quality, and a client-service philosophy characterized by a high degree of senior-level involvement. Their culture is so much like ours that it’s not surprising our firms were both named last year among the Best Places to Work in our respective states.

“This is a real boon to both our clients and our employees. It not only gives us a greater depth of resources that will enable us better serve businesses and individuals throughout greater Philadelphia, it also gives us an opportunity to grow our practice in areas where we have special expertise to offer Amper clients and others in the New Jersey and New York markets. And because both our firms are strong in biotechnology, our combined technology company practice will quickly become one of the largest — and best — in the region.

“The growth that the combination will make possible, as well as the advanced training available to our people through the Amper University CPE program, will give all our people greatly expanded professional development opportunities. Everyone here is extremely excited about what this means for our future.”

“We are thrilled to be teaming up with a firm as outstanding as Goldenberg Rosenthal,” said Philip H. Politziner, President, CEO and Co-Founder of Amper, Politziner & Mattia. “They have some of the best talent in the country, a great reputation for quality and a culture that’s very much like ours. Our individual strengths reinforce and complement each other’s nicely, so we’ll now be able to offer all our clients even deeper and broader services.

About Goldenberg Rosenthal LLP Founded in 1919 and ranked as one of the Top 100 largest accounting and business advisory firms in the country, Goldenberg Rosenthal (www.grgrp.com) is one of the oldest, largest and well-known CPA firms in the Philadelphia area. Goldenberg Rosenthal’s 21 partners and 125 staff members are organized into service specialty and industry-specific practice groups that provide accounting, auditing, tax, and management consulting services to a diverse client base in industries that include: nonprofit, automotive, construction, real estate, manufacturing and distribution, among others.

About Amper, Politziner & Mattia (Amper)

Founded in 1965, Amper, Politziner & Mattia (www.amper.com) has grown to become one of the largest accounting and consulting firms in the country and a member of the American Institute of Certified Public Accountant’s (AICPA’s) Major Firms Group. Prior to the combination, Amper had 63 partners, 481 employees and current revenue of \$88 million. As an independent member of the Baker Tilly International network of firms, Amper is able to call on the resources of 138 member firms in 104 countries to serve clients both locally and around the world.

Amper, Politziner & Mattia provides a broad range of accounting, tax and consulting services as well as a wide range of specialty services to both public and private businesses in a variety of industries. Through its affiliates, Amper Financial Services and Amper Investment Banking, Amper also addresses the financial planning, investment and insurance needs of its clients.
