

Senior Electrical Engineer Joins Pennoni's Haddon Heights Office

PHILADELPHIA – Pennoni Associates, an award-winning consulting engineering firm headquartered in Philadelphia, is pleased to welcome Clare M. Cerniglia as a Senior Electrical Engineer in its Haddon Heights Mechanical/Electrical/Plumbing (MEP) Division.

Ms. Cerniglia has 13 years of experience and specializes in the design of electrical power systems for Healthcare Facilities, including space planning and equipment selection. She has a balanced approach to design involving client needs, code requirements, cost, function and aesthetics. Her technical experience includes power quality studies, infrastructure assessments, feasibility studies, and master plans. Ms. Cerniglia has extensive experience, as both a designer and project manager, with coordination during design and construction with clients, architects and engineers, contractors, consultants, and authorities having jurisdiction.

“We are very pleased to be adding a person of Clare’s talent to the Haddon Heights MEP Technology team,” stated Bob Mellohusky, P.E., MEP Division Manager. “She not only brings with her a wealth of technical expertise in the field of electrical engineering, but also a project managerial skill set which will allow her to become a key contributor to the success of the MEP Technology and Pennoni.”

An alumnus of Drexel University, Ms. Cerniglia earned a BS in Architectural Engineering with a Mechanical Concentration.

###
