For Immediate Release:

Corinne Cavuto Heim, Vice President and Manager of the Coldwell Banker Preferred Wayne office, Welcomes Matt Badolato

Prior to joining Coldwell Banker Preferred, Badolato met the PA real estate licensing requirements and is currently attending the Coldwell Banker Preferred unique training program called Boot Camp at the Success Center. Prior to becoming a Realtor, Matt practiced architecture for the last 10 years. He decided to start a career in real estate because it would allow him to be involved in the field that he is passionate about, but also give him the opportunity to work more closely with his clients. He is looking forward to putting his extensive real estate knowledge to use when helping clients recognize their dreams of owning a home. Matt is also LEED certified.

"We're happy to have Matt on our team as a full time sales associate," said Corinne Heim, Vice President and Manager at Coldwell Banker Preferred. "Matt is driven to succeed and his knowledge and background will make him an asset to his clients and the Wayne office".

Matt was a graduate of Drexel University with a degree in Architecture. He chose CBP because he recognized the potential that he will have working with a leading company in the area. He was recently married and lives in Delaware County. He enjoys sports and the creative arts.

Matt Badolato can be reached at the Coldwell Banker Preferred Wayne Office at 610-975-5900 or by email at mbadolato@cbpref.com
