News Release

FOR IMMEDIATE RELEASE

John Kairis joins DP Solutions to lead expansion into the Delaware Valley region

Mr. Kairis will initiate the company's expansion efforts into Pennsylvania, New Jersey and Delaware

COLUMBIA, MD, December 8, 2009 – DP Solutions, an Information Technology Managed Services provider, has recruited John Kairis, a long time regional Sales Executive, to head up its sales effort in the Northern reach of their Mid-Atlantic marketplace.

John Kairis, a 25 year Information Technology sales veteran, will represent DP Solutions' Managed IT Services offerings for small to mid-size businesses. "These smaller companies will now have the option to utilize services that are normally reserved for large firms by utilizing DP Solutions' variety of offerings including hosted virtualization, disaster recovery as a service (DRaaS), 24x7 help desk and managed computer network services through the company's proprietary service called Confidence-Plus™," said Kairis. "Confidence-Plus™ is customizable to the individual client's needs and offers a good alternative to going the expensive and time-consuming route of developing these services themselves. I saw the need for this flexibility while supporting my previous clients and welcomed the chance to join DP Solutions and offer this in our region."

To learn more about Confidence-Plus™, and other technology services offered by DP Solutions, call 443-854-0150 or send an email to jkairis@dpsolutions.com.

About DP Solutions

Founded in 1971, DP Solutions serves as a trusted business partner to its clients by providing innovative Managed Network Services, Managed Hosting Solutions and Disaster-Recovery-As-A-Service (DRAAS) technology solutions that help advance and grow customer's businesses. DP Solutions ensures that its clients are prepared to run their businesses effectively, with maximum efficiency, reliability and support. The company is committed to excellence in work ethic, in the products and services provided, and in its relationships with clients, employees, industries and communities. With over 37 years of experience, and a highly skilled workforce, DP Solutions centers on applying best practices and providing the best IT business solutions for its clients.
