When it comes to moving children with Developmental Delay towards a brighter future, Effective Communication Solutions has what it takes. ECS Therapy is an out-patient pediatric facility that offers a unique holistic approach to helping children improve their skills in the areas of Communication, Socialization, Sensory Integration, Cognition, Behavior, and Physical Functioning. We offer the traditional rehabilitation services of Speech, Physical and Occupational and Applied Behavior Analysis (ABA) Therapy, as well as, Social Skills Groups, Reading Instruction and Tutoring, Music, Art, and Dance Movement Therapy so that Children with delays in their skills can obtain a full array of services that support emotional, behavioral and physical growth. ECS has been delivering therapy services to children in the Philadelphia, Buck, and Montgomery Counties since 2005. Its reputation for excellence in the field of Autism was recognized by the City of Philadelphia Council Members in April of 2008. ECS accepts most major insurances for their traditional therapy services. Immediate appointments available! Therapist needed for all positions!
