## **McMAHON ASSOCIATES, INC. WINS CITY OF PHILADELPHIA TRAFFIC SIGNAL RETIMING INITIATIVE**

**City of Philadelphia, PA, March 19, 2010-** McMahon Associates, Inc., a full-service transportation engineering and planning firm with 34 years of service, was selected by the City of Philadelphia Department of Streets to provide a comprehensive study of the existing traffic signals on 21 corridors, including over 600 intersections, and to provide engineering services for the retiming of these traffic signals. The effort aims to reduce congestion by improving the flow of traffic through the optimization of the traffic signals along the selected corridors.

As the prime consultant on the project, McMahon will conduct before and after travel time studies, traffic volume data collection, capacity analysis for retiming of signals, and prepare work orders for the City to use in implementing the timing changes. Work is tentatively scheduled to begin summer of 2010 and completed within two years.

McMahon Associates' mid-Atlantic offices are located in Fort Washington (corporate headquarters), Exton, Camp Hill, and Pittsburgh, PA; Yardville, NJ; and Bowie, MD, and combined currently employs nearly 100 of the company's 120 full-time employees. It also has two offices in Florida and two in New England. McMahon's primary services include transportation planning/traffic studies, traffic signal design and permitting, highway design and permitting, structural design, Intelligent Transportation Systems, Geographic Information Systems/custom software development, land survey, dam design, water resources, and construction services for both public and private clients. For more information, please contact Casey A. Moore, P.E., vice president and regional manager, at (215) 283-9444, or via email to [casey.moore@mcmtrans.com](mailto:casey.moore@mcmtrans.com).
